

# play safe! be safe!®

Dear Educator/Caregiver:

To assist in teaching impressionable 3 to 5 year olds about fire safety, BIC Corporation would like you to have a *play safe! be safe!* multimedia kit.

Extensively evaluated and used by preschool teachers in classrooms across North America, this kit has received an enthusiastic response. Developed by BIC Corporation in cooperation with educators and fire safety experts, it brings a firefighter into the classroom through the power of video to teach young children the basics of fire prevention and show them how to respond to specific fire situations. Teachers in the test classrooms felt, overwhelmingly, that the materials were very well developed and age appropriate. After using the kit, a majority of children demonstrated essential fire safety behaviors.

Each *play safe! be safe!* kit contains:

- A 20 minute VHS video & DVD featuring "Firefighter Dan"
- Color Story/Flash Cards
- Dress the Firefighter activity board
- Safe for Play! Keep Away! activity board
- Keep Away! card game
- Comprehensive teacher's manual/resource book

*play safe! be safe!* emphasizes, individually and collectively, four important objectives in fire safety:

- My Friend the Firefighter
- Stop! Drop! and Roll!
- Crawl Low Under Smoke!
- Safe for Play! Keep Away!
